DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification, line 6, delete "aa/bbb,ccc" and insert "10/017,694"

line 9, delete "aa/bbb,ccc" and insert "10/017,861"

line 11, delete "aa/bbb,ccc" and insert "10/017,702"

line 14, delete "aa/bbb,ccc" and insert "10/020,708"

Allowable Subject Matter

2. Claims 1-15 are allowed.
3. The following is an examiner's statement of reasons for allowance:

As to claims 1 and 10 Smyth (5,974,380) teaches joint coding and measuring excitation values, but neither Smyth nor Minde (6,393,392) teach measuring disparity between excitation patterns of individual input channels of a multi-channel input and determining to encode the portion using joint channel coding or independent channel coding based on at least in part on the measured disparity between excitation patterns of the individual input channels.

Neither Smyth nor Minde teach, singularly or in combination, nor fairly suggest, measuring disparity between excitation patterns of individual input channels of a multi-channel input and determining to encode the portion using joint channel coding or independent channel

coding based on at least in part on the measured disparity between excitation patterns of the individual input channels.

The dependent claims 2-9 and 11-15 are allowed because they further limit the independent claims or their parent claims.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. see PTO-892.
